

Victor Mandla Moyo, Geology Manager: ARM

How Does Mining Grow? Exploring the Pathways to Future Commodity Supply

He is a geologist and project manager with 30 years' experience in the mining industry. He has been involved in leading exploration strategy, multi-commodity (Copper, Gold, PGM, Nickel, Chrome, Lithium, Graphite, Rare Earths) project development, and investment decision-making across multiple jurisdictions globally.

Victor's current responsibilities include being a strategic contributor to the development and

implementation of African Rainbow Minerals' (ARM) Growth and Development strategy through strategic analysis of Metals Markets, Project Management and Due Diligence Studies, Mineral Systems Framework input and advice, as well as Coaching and Mentoring of early career personnel and Graduate Learners. Victor is passionate about solution-oriented leadership, systematic project execution, and the delivery of high-impact results in diverse stakeholder environments.
